

Linvie Theater

Compsci235 Web Application

The Starting Page, click [ENTER](#) to enter.

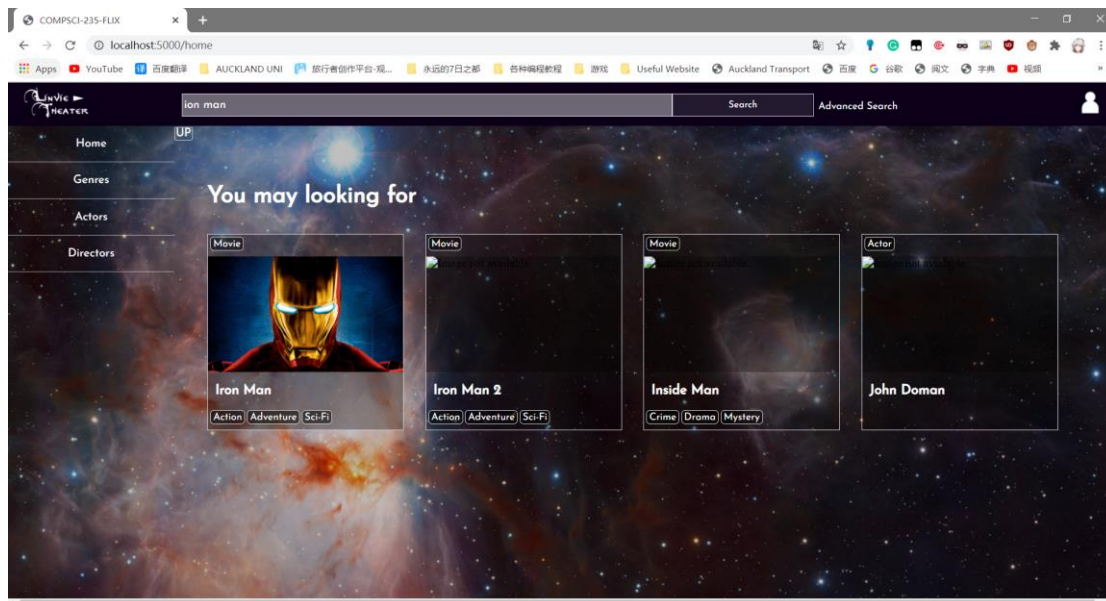

In the home page, you have [editor's pick](#) and [recommended for you](#). If you are not [login](#) yet, the [recommended for you](#) section will randomly pick movies from the database.

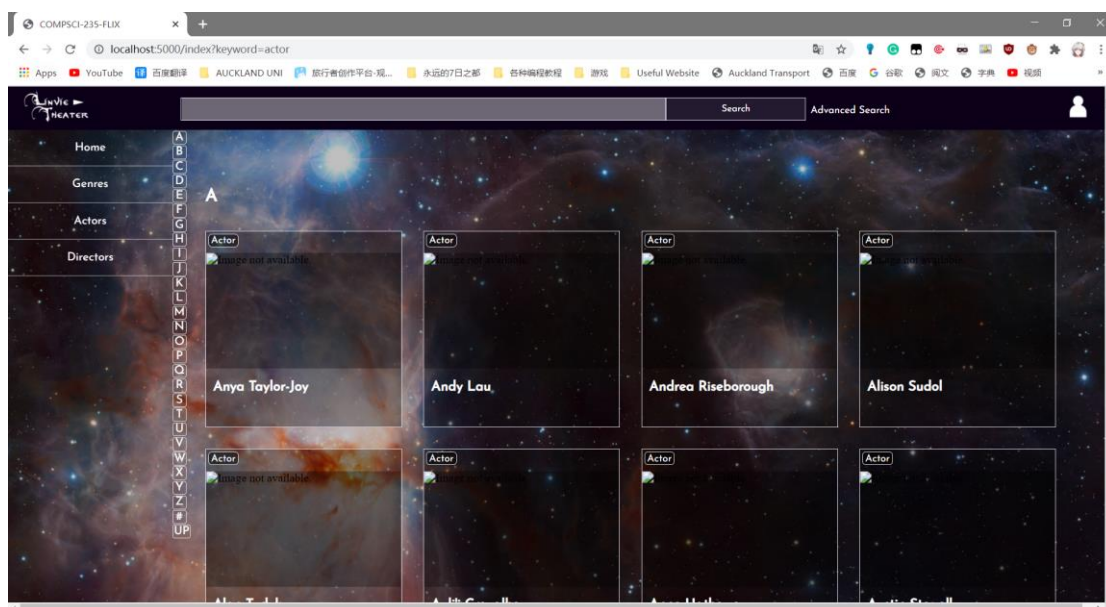

[Search](#) function allows you to search with keywords that is [similar/within](#) the [movie/actor/director](#) name. For example, when searching for 'ion man', the result gives you several movies that

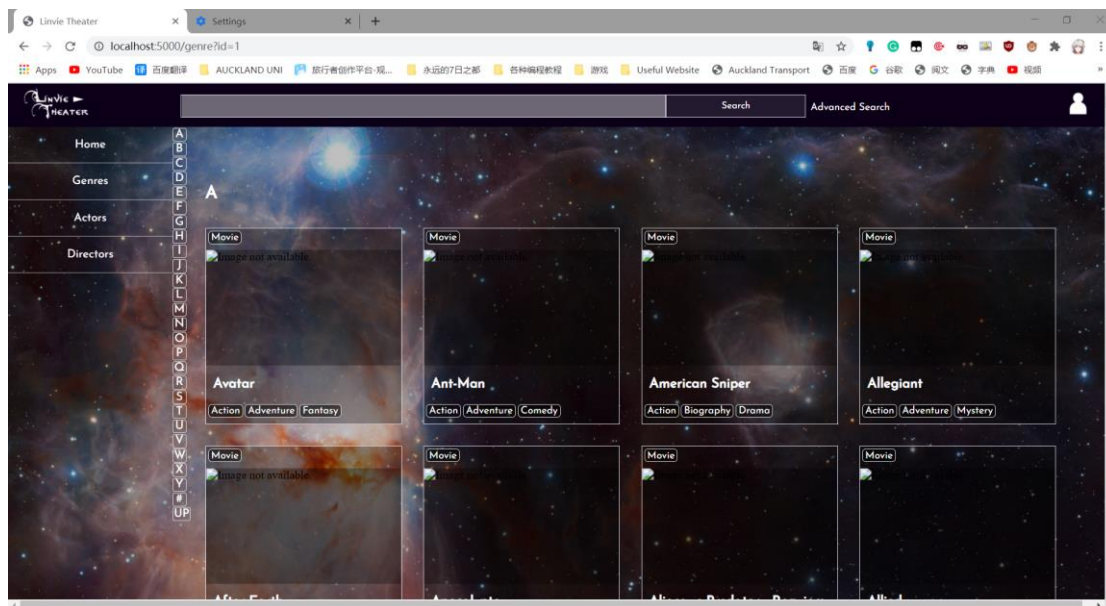

associated with 'iron man'

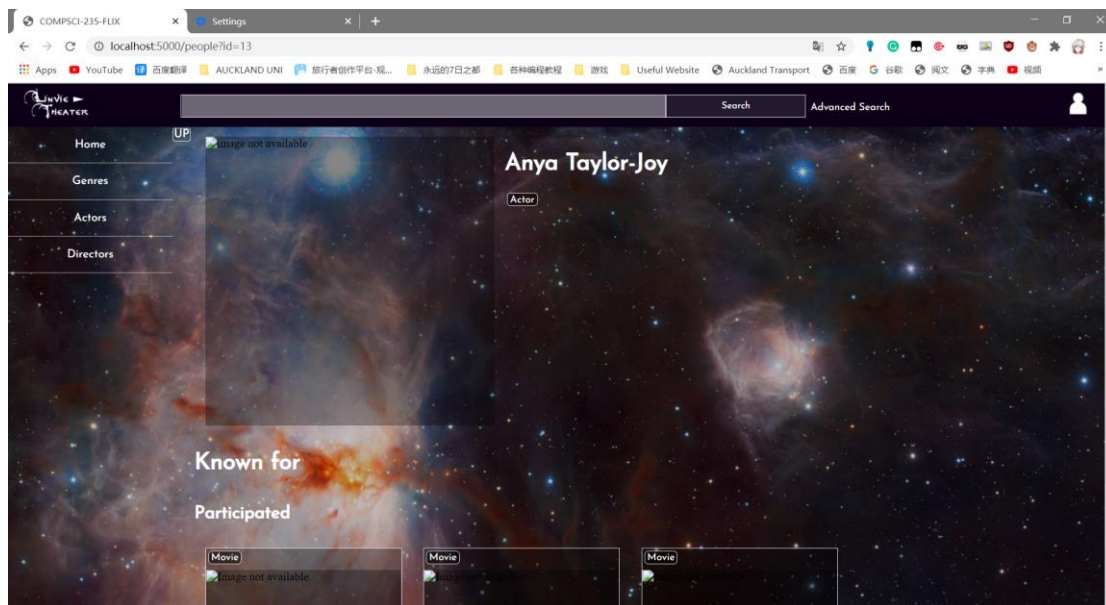

You can also browse the actors and directors. The page has several [index buttons](#) that allows you to easily go to the place where people's name start with specific letter.

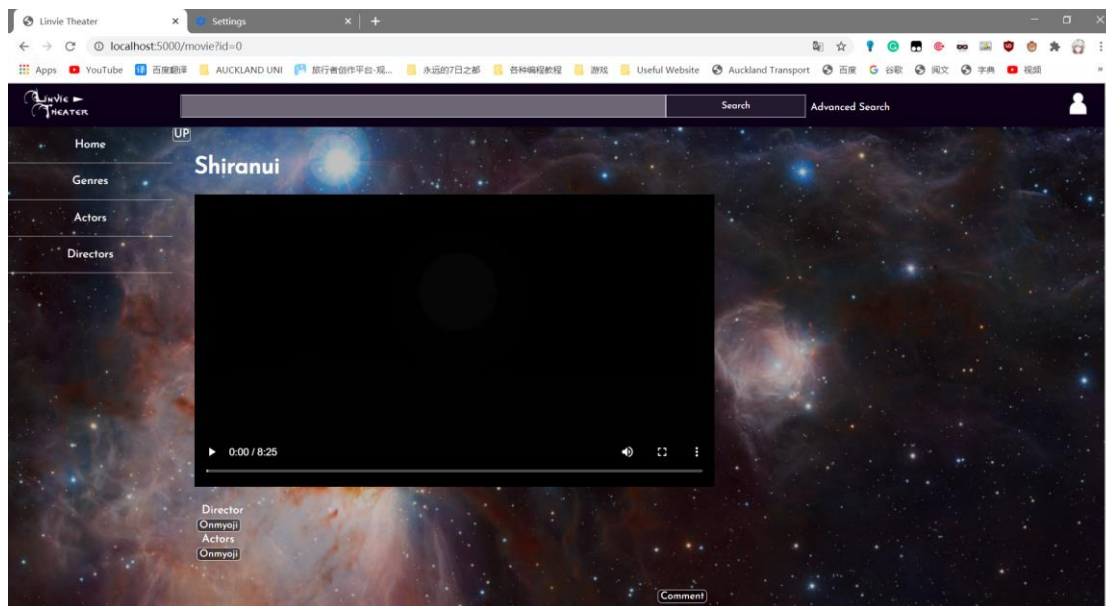

You can also pick a Genre and browse all movie with this genre.

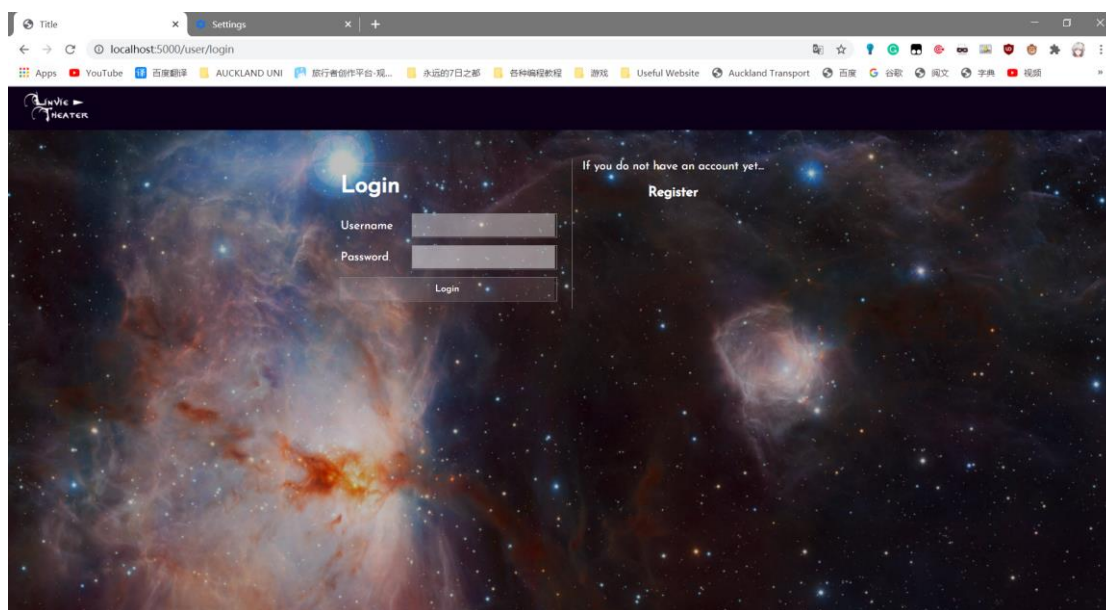

You can also find your favorite actor/actress/director, and see what movie he/she participated/directed.

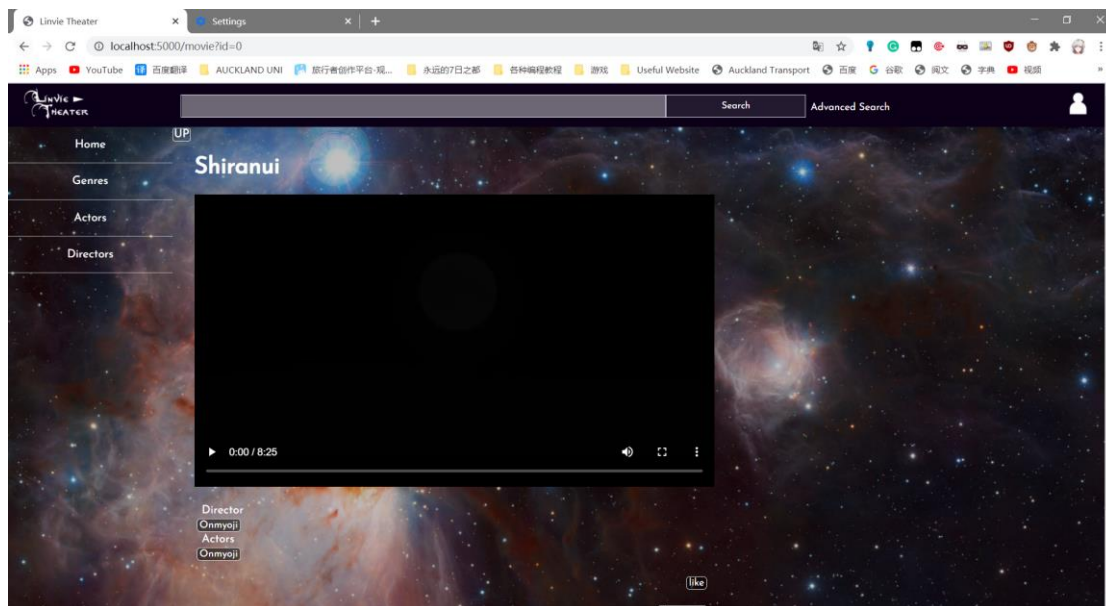

Click a movie and enter, you can not only watch the movie video, but can also leave a [comment](#).

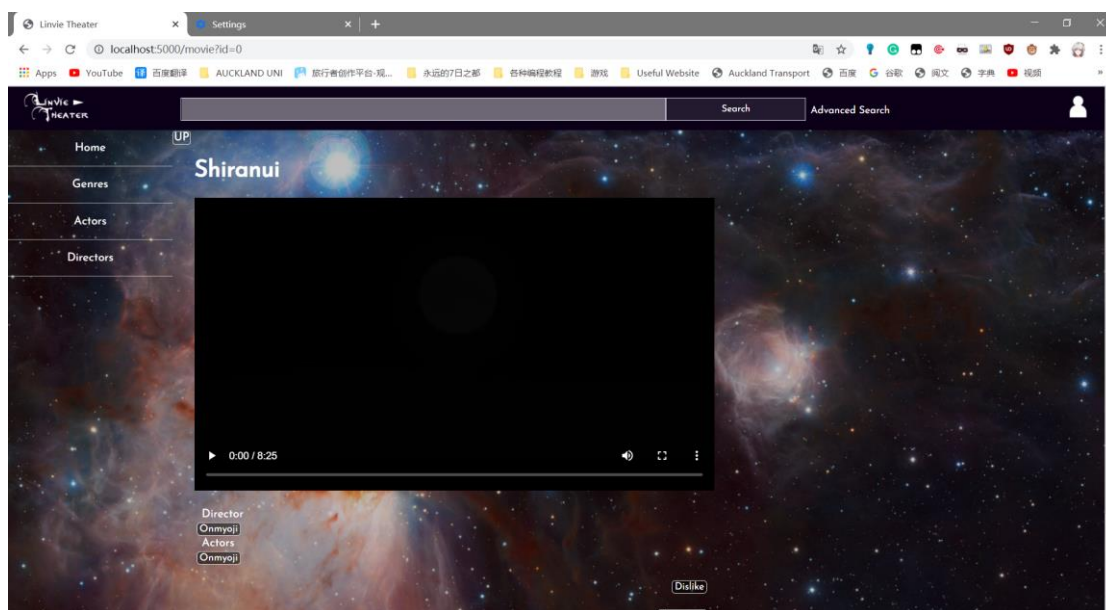

But in order to leave a comment, you must [login/register](#) first.

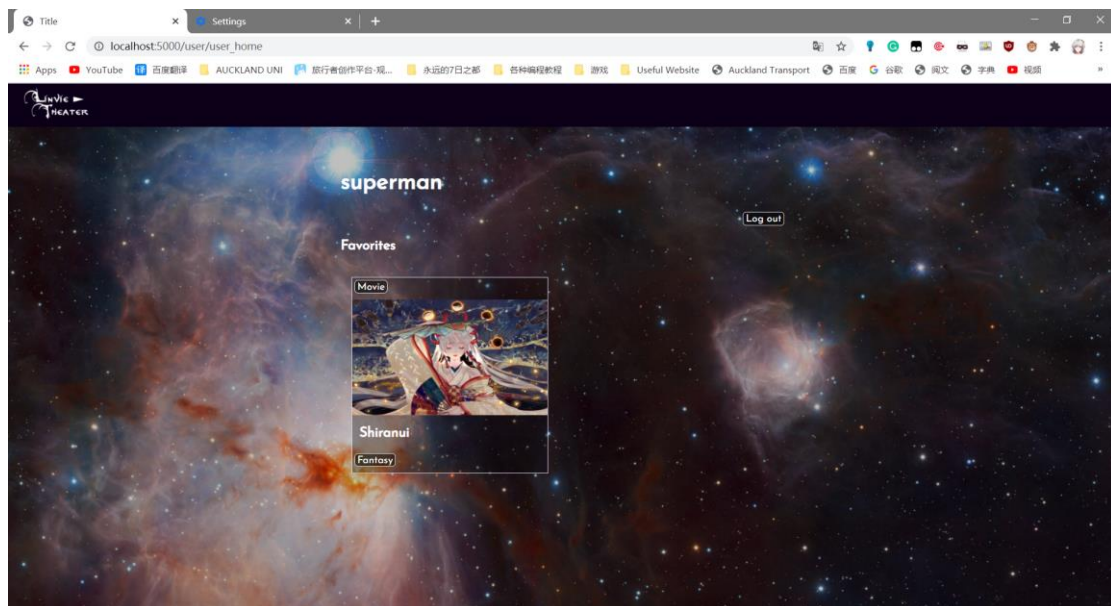

After login, you can leave a comment, or [like](#) a movie you appreciate.

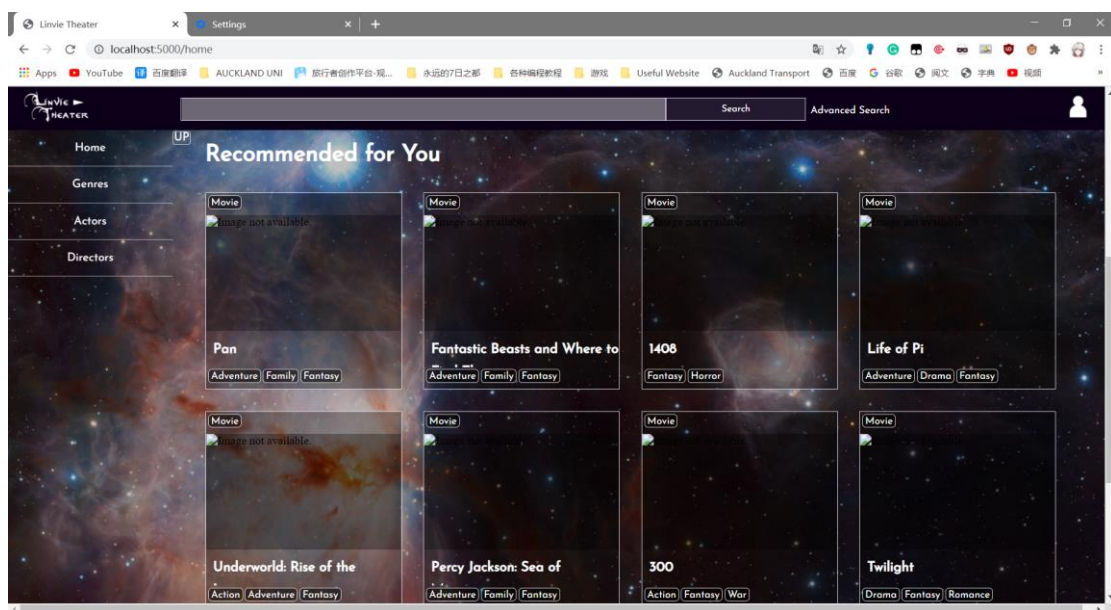

Of course, you can [dislike](#) if you change your mind.

Click the [user](#) icon on the top right corner to enter user home page (if you are [not](#) login yet, this action will lead you to login page). You can see your [favorite](#) movies, and are able to [log out](#).

And the [recommended for you](#) will now be based on the genre of the movie you like.

Now start your journey to the Linvie Theater!
